

Protector™ 28

PhaSeal®

With the introduction of our new Protector 28 (P28), which is compatible with 28 mm neck size drug vials, PhaSeal has become the only universally compatible closed-system drug transfer device available for all brands of infusion sets and all standard size drug vials.

With over 10 peer-reviewed, independent studies available, PhaSeal is distinguished by clinicians as **"The Gold Standard"** in safe handling.

Know You're Safe with PhaSeal.
